

## FAA Approval Label Information

1. Before traveling ensure your LifeChoice has the required FAA Approval label
2. The label should be on the bottom of the LifeChoice as pictured below

3. If your LifeChoice does not have the required label, contact your equipment provider or Inova Labs to request one
4. When making your airline reservations, please inform the agent you will be using the LifeChoice Portable Oxygen Concentrator during your flights
5. Call your airline or review their website for additional requirements or restrictions
